

SENATOR KEYES: Just a very simple answer to Senator Koch. I am not saying that that is where children or young folks learn to drink. I'm just saying that this Legislature, and I want you to understand what we have done in the last two session. If we do this, I will tell you what we will do. If we let this amendment go, if we kill this amendment and let this bill go, it will mean that those 16 years of age can clean up the bars. It will mean that a girl 16 or a boy 16 can not get married with their parents consent till 17. That is already statute what we have done this year. We have allowed the young folks to go out and buy the pill, do anything that they want to, have an abortion, but we are not going to allow as far as I am concerned to clean up the bars. I would like to see them be able to get married when their parents say they can get married, but that is already law. We are probably one of the most two thinking, I won't say two faced, two thinking legislatures that I have ever seen to permit children to go and clean up bars and then say that when they are 17, they have to be 17 before they can get married. I don't get your thinking at all. The best thing to do is adopt this amendment and go on with the bill.

SPEAKER LUEDTKE: Question is the adoption of the Keyes amendment to 386. All those in favor vote aye, opposed vote nay. Have you all voted? Senator Keyes, do you want to do anything otherwise I will call the vote. All right, record the vote.

CLERK: 8 ayes, 13 nays, Mr. President, on the adoption of Senator Keyes amendment.

SPEAKER LUEDTKE: Motion fails. Any other amendments?

CLERK: Mr. President, Senator Maxey moves to amend...to reinstate the stricken language on page 1, line 25 and page 2, line 1. That is offered by Senator Maxey.

SPEAKER LUEDTKE: Chair recognizes Senator Maxey.

SENATOR MAXEY: Mr. President and fellow senators. I'm just reinstating the law as it was written before, which would say, "No such sale shall be permitted during the annual State Fair." It seems to me that...I'm referring back to the liquor, the horse racing on Sunday, that for ten days at the State Fair in our state and that we have children we have everyone there that the liquor need not be served. A year ago last September my son had a very bad accident, he got bit in the eye. The doctor happened to be out at the State Fair and if he had...not saying that if he hadn't been at the State Fair he was able to come and perform surgery right on him right then and there. I think that there are some precautions and I think that this is a good law when it was submitted to the State of Nebraska and I would like to see us keep this. I move the amendment to this bill please.

SPEAKER LUEDTKE: Chair recognizes Senator Murphy.

SENATOR MURPHY: (no response).

SPEAKER LUEDTKE: Senator Dworak.
